

# MARKET TRADER

## Co-Production

### GUIDELINES FOR APPLICANTS

#### Introduction

Creative England's Film Enterprise Fund works with film-related companies based in England. It provides made-to-measure packages of business support and investment to help entrepreneurs unlock new opportunities, develop creative strategies, re-energise their business models and attract increased levels of corporate finance.

To complement this bespoke offer we are delivering **Market Trader**, an intensive, development programme for 10 producers to gain a better understanding of international markets and co-production.

International markets are a great opportunity for film professionals to make contacts, present their projects and negotiate deals. However, without the right skills and understanding, attending these festivals and markets doesn't always yield the best results and can sometimes be counter-productive.

The purpose of this programme is to equip participants with the knowledge and support they need to understand the market better, to plan and target their approach and come away from international markets with the best possible results and partnerships. Bringing together producers together for a shared market experience will also help build stronger networks and potential collaboration for the future.

#### What does Market Trader offer?

Market Trader will be delivered through a combination of intensive workshops, mentoring, market attendance & networking with a specific focus on co-production and the Galway Film Fleadh Marketplace 2016.

Participants will receive guidance and training to:

- Develop specific skills in international co-production/co-venturing;
- Receive up-to-date information on international film funds and tax incentives;
- Discover new international partners and projects;
- Improve their knowledge of international markets, how they differ, who attends what and why;
- Gain a clearer perspective on the context of UK film within domestic/international markets and a better sense of how and why this matters;
- Identify the most suitable market(s) for their own individual projects and film slates;
- Develop tools and strategies for successful market engagement;
- Improve their skills, knowledge and confidence in packaging, pitching, negotiating, selling, understanding and closing deals;

- Achieve effective follow-through and maximise the benefits of international relationships and opportunities.

### **Galway Film Fair**
